

Corrective Action Commitment

Production · 2025-04 · Issue 1

1. Commitment

Field	Entry
Commitment	CAC-2025-04
Relates to	Withdrawal W-2025-014
Given	2025-04-02
Given by	Production
Status	In progress

Production commits to replace every plastic dough scraper with a metal-detectable type and to fit a metal detector at the end of the dividing line.

2. Progress

Metal-detectable scrapers have been issued at every site. The metal detector has been ordered and is to be fitted and tested in the week of 2026-04-20.

The commitment stays in progress until the detector has passed its test.
