

Non-Conformance Report — High Street

Quality · 2025-02 · Issue 1

1. Report

Field	Entry
Report	NCR-2025-031
Site	High Street bakery
Raised	2025-02-18
Raised by	Quality
Finding	Underweight loaves

At the weekly weight check, 14 of 60 large loaves sampled at the High Street bakery were under the minimum baked weight.

2. Action

The loaves sampled were taken off sale. The bench scale at the dividing table was checked against the reference weight and found to read correctly.

The report was closed on 2025-02-25.
