1. Introduction and revision history

This book states the specification of each product in the sourdough range and lists the ingredient and packaging lines used to make it. It is the reference for purchasing, production and labelling.

Field	Entry
Book	Product Specification Book, Sourdough Range
Edition	Edition 4
Issued	2024-01
Issued by	Product Development

Each product has one specification table followed by its line items. Where two products appear similar, the product name and product code in the specification table are the only reliable way to tell them apart.

Line items are listed in the order they were raised. A line item names the source approved for that line. Site approvals are not recorded in this book.

5. Approved supplier index

The index lists each approved source and the sections of this book in which it appears.

Source	Classic Sourdough lines	Country Sourdough lines	Common ingredients
Alder Mill	Yes	Yes	Yes
Birch Lane Mill	Yes	No	Yes
Cedar Valley Mill	No	Yes	No

A source appears against a section only where a line in that section names it. The index is rebuilt from the line items at each edition and is not maintained separately.
