

Supplier Register

Purchasing · 2025-04 · Issue 12

1. Purpose

The register holds one record for each approved supplier. It gives the supplier code used on orders and in other registers, the company name and where the company is based.

Approval of a supplier to deliver to a particular site is recorded in the site register, by supplier code, and is not recorded here.

2. Supplier records

Code	Company	Based in	Supplies
SUP-0207	Alder Mill	Ashby	Flour and milled grain
SUP-0311	Birch Lane Mill	Thornbury	Flour and milled grain
SUP-0407	Cedar Valley Mill	Ludwell	Flour and milled grain

Alder Mill is based in Ashby and has supplied the company since 2016. It mills on two lines and delivers in sacks and in bulk.

Birch Lane Mill is based in Thornbury and has supplied the company since 2019. It delivers in sacks only.

Cedar Valley Mill is based in Ludwell and has supplied the company since 2021. It specialises in wholemeal and country-style flours.

3. Delivery areas

Each supplier states the area it is able to deliver to. A stated delivery area is not an approval to deliver to any site within it.

Alder Mill delivers across the town centre, and its stated delivery area includes the High Street. Its vehicles pass the High Street bakery on the morning round.

Birch Lane Mill delivers within twenty miles of Thornbury.

Cedar Valley Mill delivers on Tuesdays and Fridays only.

4. Review

Each supplier record is reviewed once a year. A supplier that has not delivered for twelve months is marked dormant and removed at the next review.
