

Field Stock Return Log

Field Service · 2026-02 · Issue 14

1. Units shipped

Units shipped against the batch identifiers in scope of the field safety action recorded under reference R-2025-014, by batch.

Batch	Units shipped	Shipped period
5102	340	2024-10 to 2024-12
5118	412	2024-11 to 2025-01
5133	388	2024-12 to 2025-02
5147	295	2025-01 to 2025-03

Shipped figures are taken from the despatch record and include units shipped to distribution as well as direct to customer.

2. Units returned

Returns booked against the action, by batch and by month of receipt.

Batch	Returned to 2025-09	Returned to 2026-02
5102	291	318
5118	340	379
5133	302	351
5147	214	262

Returns are booked on receipt at the returns centre. Units in transit at the reporting date are booked in the following period.

Month	Units booked
2025-09	61
2025-10	54
2025-11	38
2025-12	22
2026-01	17
2026-02	9

The monthly rate has fallen across the period reported.

3. Reconciliation

Reconciliation of shipped against returned at the reporting date.

Batch	Shipped	Returned	Difference
5102	340	318	22
5118	412	379	33
5133	388	351	37
5147	295	262	33

The difference column states units shipped and not yet booked in at the returns centre as at the reporting date. These units are in the field.

Reconciliation is performed monthly and reissued with this log.
