

Regulatory Notification — Field Safety Action

Regulatory Affairs · 2025-03 · Issue 1

1. Notification

Notification lodged with the competent authority in respect of the field safety action recorded under reference R-2025-014.

Field	Entry
Notification	RA-NOT-2025-003
Lodged	2025-03-04
Action reference	R-2025-014
Basis	Field safety action, product in service
Acknowledgement received	2025-03-11

The notification sets out the action, the population in scope, and the containment applied. Acknowledgement was received within the statutory interval and is held with this record.

2. Undertakings

The following undertaking was given at notification and is recorded here.

Undertaking	Interval	Due
Follow-up report to the competent authority	90 days from acknowledgement	2025-06-09

The follow-up report is to set out the return position, the assessment of returned units, and the effectiveness of the containment applied. The report is prepared by Regulatory Affairs on receipt of the return position from Field Service.

No other undertaking was given at notification. Correspondence relating to this notification is held by Regulatory Affairs under the reference above.
